Completed an associate of science at Panola College before enrolling in the University of Texas full-stack web developer coding bootcamp online, which is a fast-paced, collaborative, challenging environment. I have learned problem-solving skills as with creativity and teamwork, I have a passion for building ideas into full scale apps with beautiful design and though-out execution.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, MySQL, MongoDB, React

Applications: VSCode, Insomnia, MySQL Workbench, GitHub

Technologies: AJAX, jQuery, Node.js, GIT, Express.js, BootStrap
